4) New Business

a) Web Site

The website is still in limbo. Our IT and GIS department have been working on finding a solution to our database conflicts. They have had to call the vendor to get some assistance.

b) Hiring

Three seasonal positions have been filled.

c) Dengue

There is a new case of Dengue in Oviedo. The resident traveled outside of the US recently and did not acquire the disease locally.

5) Discussion

There was discussion regarding the Sanford Airport. Seminole County will not be providing adult mosquito

control services inside the airport gates. We will provide larval and adult control outside of the restricted area. The City of Sanford has also been assisting the airport but it was a one-time treatment. The airport will look into getting equipment to treat mosquitoes inside the airport property.

The meeting was adjourned at 10:30 am. Next Regular Meeting: October 14th, 2010 at 10:00 A.M.
